

University of Worcester, England

Quotes of Faculty of Sports and Nutrition students who followed their minor here in **2018**.

Impression after the first few weeks

In the first week they organize a week especially for international students, this makes you really feel at home and gives you an opportunity to learn other students.

General expression

Make sure to join a sports club or a social club. They make your experience much more fun. The easiest way to get there is with Birmingham Airport and they organize a bus ride on one of the days before the programs start so they bring you to campus.

Level of education and the courses

The first year courses are quite simple, Third year courses are doable but for most of them you need some pre-courses.

Housing (in private sector or organized via the university)

Housing organized via the university is good, they put you in halls with other international students which is really fun. You need to bring your own pots and pans and cutlery, plates and stuff because they don't have anything there.

You spend approximately around 600 euros per month.

Tips for future students

Cost of living: It's England so it's not that cheap but you have a lot of cheap restaurants or shops where you can go to instead of the more expensive shops.

Short statement about the university

The University of Worcester is great, it has a lot of different courses and opportunities. The teachers are really nice and they take good care of international students. Everyone is very thoughtful and helpful and they really want to help the international students.

The international office is really helpful and they do everything to make you feel at home. They also organize trips for international students so you can see something of England.
