

# Decision tree: should I come to campus for work or not?

## I work at the AUAS and:

- I have symptoms that may indicate coronavirus or
- I have come into contact with someone who is (presumed to be) infected with coronavirus or
- I have returned from a high-risk area (including within the Netherlands).

## Please abide by the guidelines and measures imposed by the RIVM and the GGD at all times.

Therefore, if you have any symptoms that may be associated with coronavirus, please make an appointment to get tested. If you have any symptoms, you must self-isolate until you get the results of the test. Please follow the recommendations of the GGD. Call in sick according to standard procedures. Get well soon!

## Have you tested positive?

- Self-isolate according to the measures of the RIVM and GGD.

## Have you tested negative?

- Please continue to abide by the guidelines and measures imposed by the RIVM and the GGD. If permitted by these guidelines and measures, you may come to the AUAS to work.

## Additional information and/or personal advice

Please visit the websites of the [RIVM](#) and the [GGD](#) for the most up-to-date information on coronavirus.

For more information on working (from home) safely, please visit [Working from home](#).

Please take good care of yourself and of each other. Only together will we get coronavirus under control!

*NB: this decision tree was created on 29 September 2020 and may be subject to changes.*
