

LAURA, 15 YEARS OLD, IN HER UNDERPANTS

Niels, who is an educator in the residential group “Clover”, is on duty today. In the group “Clover”, 8 girls between the age of 12 and 16 reside.

Niels is the individual coach of Laura, 15 years old. Laura has been residing in the residential group for a year and a half now. Lately, Laura has been having a hard time. She shows problem behaviour, regularly has tantrums, and sometimes even refuses to eat.

Niels has a day shift and wants to talk with Laura about the organisation of the coming holidays and her plans to visit her mother. He knocks on her door and a “yes” can be heard. When he enters the room, Laura is only wearing her underpants.
